Result of examination:

The second digit in the telephone number beside the name Cheryl Johnson on Q115 appears to be the numeral "2."

It could not be definitely determined whether the "7's" in the telephone number in question were written over other numerals; however, the first "7" in this number may have been written over another numeral, possibly a "6."

Specimen Q115 was photographed and is enclosed herewith.

Dear Sir,

OUTSIDE SOURCE

I wish to propose my "theory" on the Atlanta slayings. I have studied the sociopathic / psychopathic personality since 1967. At that time very little info could be found in any printed materials.

The lady psychic from Nutley, New Jersey seems to me to be correct in that the individual is also of the same race (Negro) as the victims.

At the moment I cannot state definitely whether the culprit is male or female. Considering the physical size of the victims, a female can not be ruled out.

The possible motive for a female could possibly be:

① Mother of adult or teenage sons who were killed or maimed in the "streets", ergo she wishes that other young black boys be mercifully put to an end before causing their parents' grief in leading useless lives. 10

② Someone who has obtained an abortion against her will of a male child

The possible motive for a male could possibly be:

① A prominent member of the black community who remembering his great struggle up from poverty to his present position - realizes the vast odds which were against him. 1981

21

② An individual who considers himself worthless and desires that instead of ending his life - to save and shorten the sufferings of those of similar early childhood situations. A uniform of any sort - that a child ^{easily} recognizes.

I am not sure whether any notes were left. Therefore, I can only conjecture that the perpetrator(s?) are of super-intelligence or at the other extreme - super imbecility.

I had come up with the idea of the changed license plates before the Yorkshire Ripper was apprehended. But the connection with that particular criminal did not "click" until I had read the newspapers.

You are probably dealing with a criminal who believes that he/she is on some God-given crusade to help the "suffering children." This personality does not see his/her actions as being against the law per se. Probably, very religious individual.

I pray that the number of victims never reach 30 and that my theories will help your investigation and place you on the correct path to conclusion of this case.

Most Sincerely,

[REDACTED]

PURPOSE:

To summarize discussions between SA [REDACTED] and [REDACTED] the Division of Forensic Sciences, Georgia Bureau of Investigation (GBI), Atlanta, Georgia, concerning this case. To set forth S.A. [REDACTED] impressions concerning the capabilities of the GBI Crime Laboratory in this matter.

SYNOPSIS:

SA [REDACTED] Microscopic Analysis Unit (MAU), spent approximately 3 1/2 hours at the GBI Laboratory in Atlanta in discussions with GBI Laboratory examiner [REDACTED] who is conducting the examinations of fibrous materials in this case. SA [REDACTED] sets forth his impressions about the handling and examination of the hair and fiber evidence in these matters and summarizes some of the findings of the GBI Laboratory. SA [REDACTED] also repeats the Bureau offer of Laboratory assistance to GBI and discusses some areas where the MAU can become involved in this case.

RECOMMENDATIONS:

Based on the above, SA [REDACTED] proposes involvement of the Microscopic Analysis Unit in the following areas at the present time:

(1) That known hair samples from as many long hair dogs as possible be obtained and compared with the questioned dog hairs recovered from a number of the victim's in this case.

The dog hairs, both guard hairs and fur hairs, common to six of the victims have been identified by [REDACTED] and [REDACTED] Small Animal Medicine at the University of Georgia, as probably originating from a type of dog which would include the following breeds:

MEMORANDUM FROM MR. CRONIN TO MR. KELLEHER

RE: ATKID

Black/white Huskies
Malamutes
Keeshonds
Elkhounds
Black/silver German Shepherds

A letter from [REDACTED] to the Atlanta Office is attached to this memorandum. It explains [REDACTED] reasoning for his conclusion. It should be noted that the Shepherd mentioned above is not the common German Shepherd but a rare breed that is not normally encountered. [REDACTED] has also advised the Atlanta Office that there are other dogs having hairs similar to those recovered from the victims but these other dogs do not shed hair to any great extent. The large number of hairs recovered in this case indicates to [REDACTED] that the animal involved sheds readily.

SA [REDACTED] can find no errors in the above reasoning and feels that a veterinarian such as [REDACTED] is more experienced in matters of this type than forensic microscopists. It should be noted, however, that actual microscopical comparisons of the question dog hairs and known samples of the many long-haired dogs that exist have not been conducted.

67c
In discussions with [REDACTED] SA [REDACTED] on both April 28, 1981, and April 29, 1981, repeated the previous offer of FBI Laboratory assistance that SA [REDACTED] made to [REDACTED] the GBI Laboratory [REDACTED]. As before, this offer was made with the understanding that the GBI Laboratory would coordinate the work of the FBI examiners.

SA [REDACTED] specifically mentioned that the FBI Laboratory could become involved with the examination of items of clothing and other objects from the houses of victims, looking for fibers like those previously recovered from the victims' bodies. SA [REDACTED] also suggested that the FBI Laboratory make a major effort to determine the manufacturers and sources of the various fibers of significance in this case. In these areas the FBI would not be dealing with the major items of evidence such as the victim's clothing. The chances of obtaining significant findings would be low and these types of examinations would be time consuming, but these areas should be completely covered in a case of this significance.

1

MEMORANDUM FROM MR. CRONIN TO MR. KELLEHER

RE: ATKID

b7c

[REDACTED] advised he had initiated work in both of the above areas. He has examined some items of clothing obtained from the homes of various victims and has found some fibers indicating that there may have been some prior contact or relationship between some of the victims and the offender. [REDACTED] has also initiated contact with various fiber manufacturers to attempt to determine specific sources of the fibers common to some of the victims. [REDACTED] was not specific about the amount of clothing that has not been examined or how close he is to the determination of a source of the questioned fibers. [REDACTED] graciously acknowledged the Bureau's offer but made no indication that the Bureau's assistance would be requested at any time in the near future. It is pointed out that SA [REDACTED] memorandum dated April 14, 1981, concerning his contact with the GBI Laboratory, goes into greater detail regarding his offer of FBI assistance to [REDACTED]

Dear [REDACTED]

Director Webster has asked me to respond to your April 16th telegram and to let you know that he fully understands your concern over the public comments relative to the tragedy in Atlanta.

We want to assure you that the FBI certainly did not intend to make any statements that would increase the grief shared by the family members and friends of the slain children. We have a close working relationship with Commissioner Lee Brown, the Atlanta Police Department and the Special Task Force and we are all fully committed to solving these senseless murders at the earliest possible moment.

Please feel free to contact Special Agent in Charge John Glover at our Atlanta Office if he can address any of your or your Committee's concerns.

KIDNAPING

On 5/20/81, based on Bureau approval and thereafter, written permission from the Department of Justice (DOJ), [REDACTED] were separately interviewed under hypnosis for information pertaining to an attempted abduction of [REDACTED] by unknown individuals near the [REDACTED] residence in Atlanta, Georgia.

An attempt was made by Dr. [REDACTED] to hypnotize [REDACTED] utilizing the eye and muscle relaxation technique. However, she did not enter a hypnotic state, but instead responded by entering a self-induced trance. During this trance, [REDACTED] hallucinated as to the alleged attempt to kidnap [REDACTED] by these unknown individuals. During this period of time, she gave vague information as to the individuals. In the latter part of this self-induced trance, she asked for paper and pencil, writing on the piece of paper that she saw that [REDACTED] is the killer. After the self-induced trance, she, on her own volition, entered a voluntary state and stated that she felt fine.

On the same date, [REDACTED] was interviewed under hypnosis, which was induced by Dr. [REDACTED] utilizing the eye and muscle technique. [REDACTED] entered a moderate trance at the initial stages of the interview and later moved to a light trance. [REDACTED] furnished descriptive data of the two individuals, one white and one black, who had attempted to abduct him. He stated that the black individual's first name was known to him as [REDACTED] (phonetic). He further stated that he knew the black male from previous occasions when the black male had taken Timothy Hill and "Jo Jo" Bell (previous victims of captioned matter) to several areas [REDACTED]

For the information of the Bureau, authorization had been received by Bureau and DOJ to utilize hypnosis as an investigative aide in the interview of [REDACTED] resident of [REDACTED] in connection with captioned matter.

Prior to the hypnotic interview, [REDACTED] guardian recanted and stated that she would not consent to the hypnotic interview. Therefore, no hypnotic interview was conducted.

Atlanta is taking no further action regarding such interview.

Re: ATKID;
KIDNAPING;
MAJOR CASE # 30; OO: ATLANTA

By attached teletype the Atlanta Division advises that attempts continue to establish positive link between suspect Williams and victims in captioned matter.

On 6/10/81, [REDACTED] and [REDACTED] advised they were close associates of Joseph Bell, and, in fact, resided in the same neighborhood. [REDACTED] advised that on the day previously to or the day of Bell's disappearance he was playing basketball with Bell when Bell decided to go home. [REDACTED] observed Bell entering a light blue older model station wagon. [REDACTED] selected, from the photographic spread, the photograph of suspect Williams as being the operator and sole occupant of the station wagon. [REDACTED] knows suspect Williams, having answered Williams' talent scout ad and auditioning for him. [REDACTED] recalls discussing the audition with Bell, with Bell indicating to him that he, Bell, knew the suspect Williams. b7c

Task Force officers were interviewing an associate of Williams, [REDACTED] on 6/10/81, approximately 7:30 p.m., when [REDACTED] telephonically contacted Williams and advised him of the interview. Williams and his father proceeded to [REDACTED] residence in a rented Toyota automobile. Williams spoke privately with [REDACTED] and returned to his residence. Approximately 30 minutes later Williams' father was observed driving out of his residence in the Toyota by himself. One surveillance vehicle followed to a nearby Amoco gas station. At this time, suspect Williams was observed exiting the trunk of the car and entering the driver's side driving off with both he and his father. Evasive driving caused the loss of the Toyota by the surveillance vehicle. Suspect's father located subsequently at his place of business "Atlanta Daily World" without vehicle or suspect Williams. At approximately 9:45 p.m., suspect Williams observed picking up his father at employment (supra) and Williams began evasive driving including speeds over 80 miles per hour (MPH), wrong direction on one-way streets, and through traffic lights. Suspect subsequently stopped by Atlanta police officer for traffic violations and both suspect and his father removed to Task Force Headquarters. After citations issued for traffic violations, suspect and his father were released.

Surveillance continues on suspect Williams.

[REDACTED] ADVISED THAT ON THE DAY OR THE DAY PREVIOUS TO BELL'S DISAPPEARANCE, HE WAS PLAYING BASKETBALL WITH BELL WHEN BELL DECIDED TO GO HOME. HE OBSERVED BELL ENTERING A LIGHT BLUE, OLDER MODEL, VERY DIRTY STATIONWAGON DRIVEN BY A LIGHT SKINNED, BLACK MALE INDIVIDUAL WEARING A BLACK SILK SHIRT. HE SELECTED FROM A PHOTOGRAPHIC SPREAD, THE PHOTOGRAPH OF SUSPECT WILLIAMS AS BEING THE OPERATOR AND SOLE OCCUPANT OF THE STATIONWAGON.

[REDACTED] ADVISED THAT HE KNOWS SUSPECT WILLIAMS, HAVING ANSWERED WILLIAMS' TALENT SCOUT AD AND AUDITIONING FOR WILLIAMS AT THE ATLANTA STUDIO ON SHADOWLAWN DRIVE. [REDACTED] RECALLS DISCUSSING THIS AUDITION WITH VICTIM BELL, AT WHICH TIME, BELL ADVISED HIM THAT HE, TOO, KNEW SUSPECT WILLIAMS. Re: ATKID

By attached teletype, the Atlanta Division advises that the name of John Harold Porter, Jr., found 4/12/81 in a vacant lot in Atlanta, Georgia, with multiple stab wounds, has not been added to the list of murdered and missing children.

Georgia Crime Lab, Atlanta, Georgia, has indicated that although a final crime lab report has not been prepared relative to Porter, trace evidence obtained from the victim includes green carpet fibers and light violet bedspread fibers. These fibers appear similar to those found in the home of ATKID suspect Wayne Bertram Williams. Additionally, Porter's blood type and enzymes contained therein were the same as blood-stained evidence which was found in Williams' automobile.

Surveillance of Williams is continuing and Bureau will be kept advised of all additional pertinent information.

Date 6/10/81

Re: ATKID

By attached teletype, the Atlanta Division advises that the surveillance of the home of Wayne Bertram Williams continues; however, no positive results have yet been forthcoming.

Additionally, Atlanta is in the process of contacting over 400 associates and acquaintances of Williams' for the purposes of interviewing and display of photographs where appropriate.

The former residence of Michael McIntosh, a prior victim in this matter, was processed on 6/8/81 and a limited number of fingerprints were obtained and forwarded to the FBI Laboratory for analysis.

The case of John Harold Porter has not yet been placed on the Task Force's list of missing and murdered children; however, the Atlanta Division is obtaining the facts of the full investigation conducted to date.

The Atlanta news media has been erroneously reporting that a witness has voluntarily come forth stating that he had seen Williams with prior victim Yusef Bell.

A meeting between AUSA Chuck Sapphos and the Attorney General for the State of Georgia was held on 6/8/81 to discuss an alternative to the opposition of Lewis Slaton to proceeding in a legal manner regarding Wayne Bertram Williams. No decision has yet been reached as a result of this meeting.

Enclosed for the Bureau is one schedule sheet received from the residence of Wayne B. Williams.

During interview of Williams, the suspect in captioned matter, concerning his activities on the morning hours of 5/22/81, he indicated that he was in the vicinity of the James Jackson Parkway Bridge looking for a Cheryl Johnson's apartment. Williams was stopped and questioned concerning his activities in the above area following the reported dumping of an unidentified object off the James Jackson Parkway Bridge. It should be noted that victim, Nathaniel Cater, was last seen alive on 5/21/81, with his body being found approximately one and one-half miles south of the James Jackson Parkway Bridge on 5/24/81.

As suspect Williams has used Johnson as part of his alibi, it should be necessary to determine if, in fact, she does exist. All information furnished by Williams concerning Johnson appears to be fictitious.

"COPY AND SPECIMENS RETAINED IN LAB"

AT 7A-1835 SF 69

On the enclosed document, the third name from the bottom is Cheryl Johnson. Accompanying her name is a telephone number. The second number in sequence appears to be the digit "2." It should be noted that the "924" exchange is not in the Atlanta dialing area; however, the address of Spanish Trace North is not in the Atlanta direct dialing area.

REQUEST OF THE BUREAU

FBI LABORATORY:

The FBI Laboratory is requested to ascertain, through laboratory analysis, what the second digit in the telephone number appears to be. It is also requested that examination be conducted to determine if the fifth and seventh digits, both which appear to be the number "7," were written over other numbers, as they appear to be much darker in shade than the other numbers in the telephone number.

The Laboratory is further requested to expedite // this comparison, as active investigation is on-going to further establish Williams as a suspect.

DETAILS: On 5/22/81 at approximately 3:00 a.m., pursuant to a bridge surveillance being conducted by representatives of the FBI and the Atlanta Task Force, an individual was identified as a possible suspect in this matter. This was based on the observation of [REDACTED] Atlanta Police Department (APD) recruit assigned to the bridge surveillance, who was stationed on the north bank of the Chattahoochee River on the west side of the James - Jackson Bridge. At approximately 3:00 a.m. [REDACTED] heard a loud splash and observed large ripples in the water, which splashed against the bank, with the point of entry being 21 feet from the bank of the river. *b7c*

Immediately after the splash, [REDACTED] APD recruit assigned to the bridge surveillance, who was stationed on the south bank of the river, was informed by [REDACTED] via radio of the splash and inquiries made by [REDACTED] of a car on the bridge. [REDACTED] observed a 1970 Chevrolet station wagon moving slowly toward his location with vehicle lights on and with no other cars being *b7c*

on the bridge. [REDACTED] observed this automobile drive slowly off the bridge into a liquor store parking lot and thereafter, proceeded back across the James - Jackson Bridge in the direction of Interstate 285. 7

This vehicle was followed by Officer [REDACTED] APD, and by Special Agents [REDACTED] and [REDACTED]. This vehicle was stopped as it headed south of Interstate 285 at which time the sole occupant of the vehicle was Wayne Bertram Williams. b7c

At the time the vehicle was stopped, observed in the vehicle were: (1) a large plastic bag of what appeared to be women's clothing in the back of the station wagon; (2) hairs which appeared to be dog hairs on the floor of the back; (3) a brown paper bag on the floor of the front seat containing men's clothing consisting of dark colored trousers, black shoes, a pair of white jockey shorts, and a tank top; and (4) a two-foot white, nylon cord in the back of the station wagon. The configuration of the station wagon was that the back seat was down creating additional space.

During interview pursuant to the stop, Williams stated he was attempting to locate an address of a woman who wanted to speak to him about a job and that he was to meet this woman in the morning of 5/22/81. Williams further stated that after crossing the James - Jackson Bridge he traveled past the liquor store to a "Starvin Marvin" store where he tried unsuccessfully to contact this woman. APD recruit [REDACTED] advised Williams did not proceed to store mentioned supra but turned around at the liquor store 100 feet south of the bridge, recrossed the bridge and headed north toward Interstate 285. Williams denied throwing anything out of the car while on the bridge and stated that he had been hunting for empty box cartons at the liquor store. Williams further stated that there were two other vehicles on the bridge at the time he was crossing over the bridge. Williams provided the name of the woman he was to meet as Cheryl Johnson, telephone number 934-7766. Subsequent investigation determined a recorded message at the number indicating a change to telephone number 768-2710, which is listed for "Merle Norman Cosmetics," with no one answering the telephone knowing of a Cheryl Johnson. b7c

On 5/24/81 at approximately 12:00 noon, the body of Nathaniel Cater was found on the bank of the Chattahoochee River approximately two miles downstream from the James - Jackson Bridge. The medical examiner determined cause of death was asphyxiation with the body having been in the water several days.

Memorandum from W. R. Gilbert to Mr. Monroe
Re: ATKID

The attached chart provides a listing of victims on which hairs and fibers were found which are consistant in microscopic appearance to those comprising the green nylon fibers of the carpet in Williams' bedroom, the light violet fibers comprising the bedspread of Williams', and the dog hairs of a German Sheppard-type mixed-breed dog chained in the rear of the Williams' residence. A source for the light yellow carpet fibers of microscopic appearance was not found in the search of Williams' automobile or residence. The analyses were conducted by [REDACTED] Microanalyst for the Georgia State Crime Laboratory. b7c

A synopsis of information on attached chart concerning fibers and hair found on the clothing and/or the bodies of the victims listed thereon, which are consistent in microscopic appearance to those fibers and hairs found in Williams' residence and vehicle, is as follows: Green Carpet Fibers - 10; Small Lt. Violet Fibers (Blanket) - 13; Lt. Yellow Carpet Fibers - 5; and Dog Hairs - 6.

This listing includes only that information contained in the above-mentioned affidavits of the Attorney General of the State of Georgia, which were formulated during the period of 5/27 - 5/30/81.

 MAJOR CASE #30
 KIDNAPPING
 OO: Atlanta

11526001-D

Enclosed for the FBI Laboratory is the original and two copies of an envelope postmarked Williamsport, Pennsylvania on 4/23/81, and a handwritten letter delivered inside the envelope. Enclosed for Atlanta is one copy each of the envelope and the letter. Also enclosed for Atlanta is the original and one copy of an FD-302 reflecting interview of [REDACTED] and rough notes from that interview.

For the information of the FBI Laboratory, enclosed items brought to the Long Beach, California, Resident Agency on 4/28/81 by [REDACTED]

[REDACTED] explained that the envelope is a pre-addressed and postage-paid envelope used by [REDACTED] to distribute literature to prospective customers. She stated that the envelope was provided to an unknown customer within the last year, and because it is printed in red ink, she knows

that the distribution was made from the New York Office of the company. She stated further that the New York Office maintains a list of all individuals who received such an envelope.

No suspects known to [REDACTED] regarding the enclosed material. b7c

A letter contains threat to individual reading letter, and mentions captioned matter, while reversed side of envelope contains threat to President Ronald Reagan.

Examination of return address area on face of envelope appears to have previously listed return address which had been written in pencil and which was subsequently erased, and the name "Bobby Doe" added over the erased impressions.

On 4/29/81, Special Agent (SA) [REDACTED] U.S. Secret Service, Los Angeles, California, was advised of the enclosed letter, and on 4/30/81, Special Agent [REDACTED] Los Angeles, Secret Service, obtained a copy of the letter. b7c

REQUEST OF THE BUREAU

The FBI Laboratory is requested to determine if enclosed items bear similarities to any previously known letters received for examination and to examine the return address area of the envelope in an effort to determine writing impressions which have been erased.

The Identification Division is requested to determine if any latent fingerprints are on the envelope or enclosed letter.

Additional leads being left to the descretion of Atlanta and the laboratory is requested to return the enclosed items upon completion of examination to Atlanta.

Re: ATKID

By attached teletype, the Atlanta Division advised that [REDACTED] Black male, aged 15, who was reported missing on 4/21/81 was subsequently found on 4/22/81. Fibers on his clothing matched some of the fibers previously reported in the ATKID matter.

[REDACTED] allegedly was with two other individuals who stole a van, and he reportedly slept in the vehicle of one of these two other individuals.

On 6/15/81, [REDACTED] was afforded a polygraph examination regarding his association with Wayne Bertram Williams. The preliminary analysis of this polygraph reflected nondeceptive results on the part of [REDACTED]

An AUSA for the Northern District of Georgia advised that a restraining order was to be filed by Mary Welcome, attorney for Williams, requesting that the media and law enforcement be prohibited from making public certain facts regarding Williams. A motion was filed 6/15/81 to have the hearing on the restraining motion, which is set for 6/16/81, be closed to everyone but Williams and the attorneys for the government.

Associates and friends of Williams' are currently being contacted and interviewed and a surveillance of Williams is being maintained.

INFORMATIVE NOTE

Date 6/16/81

Re: ATKID

By attached teletype, the Atlanta Division advises that it has reviewed a 6/14/81 "New York Times" article entitled, "Officials in Atlanta Suggest FBI Mishandled Key Lead in Slayings". Numerous factual errors are contained in the article as well as incorrect inferences and conclusions. These factual errors, incorrect inferences, and conclusions are thereafter refuted.

The article apparently makes two arguments, first that the Williams' investigation was mishandled and because the FBI refused to allow Task Force participation, the FBI is solely responsible.

It is the opinion of the SAC, Atlanta, that each critical decision made by Special Agent personnel was proper in view of the facts known at the time of the decision. Also, every facet of the bridge surveillances and Williams' investigation has been made known to and implemented in coordination with the Atlanta Task Force.

It is additionally noted that the "New York Times" article appears to be a purposeful "leak" to discredit evidence recovered by the FBI relative to Williams and to justify non-prosecution based on FBI "bungling" and not prosecutive discretion.

ATKID; MAJOR CASE NUMBER 30; 00: ATLANTA.

FOR INFORMATION FBI HEADQUARTERS ATLANTA HAS REVIEWED JUNE 14, 1981, NEW YORK TIMES ARTICLE ENTITLED "OFFICIALS IN ATLANTA SUGGEST FBI MISHANDLED KEY LEAD IN SLAYINGS." NUMEROUS FACTUAL ERRORS ARE CONTAINED IN THE ARTICLE AS WELL AS INCORRECT INFERENCES AND CONCLUSIONS.

FACTUAL ERRORS ARE AS FOLLOWS:

1) PARAGRAPH 18 ALLEGES THAT ONE "OFFICIALS'" ACCOUNT OF THE MAY 2¹, 1981, BRIDGE INCIDENT HAS WAYNE WILLIAMS VEHICLE RECROSSING THE JAMES-JACKSON PARKWAY BRIDGE WITH HEADLIGHTS OUT AND INTERIOR LIGHTS ON. THERE IS NO FBI REPORT OF SAME NOR ANY POLICE REPORT THAT CAN BE LOCATED. ALL INDIVIDUALS

JUN 23 1981

PAGE TWO AT (7A-1835-S. 33) UNCLAS E F T O

INVOLVED AT THE BRIDGE SURVEILLANCE HAVE BEEN INTERVIEWED BY FBI SPECIAL AGENTS, AND NONE REPORT SUCH A SIGHTING.

2) PARAGRAPH 23 ALLEGES CONFLICTING REPORTS PERTAINING TO ITEMS OBSERVED IN WILLIAMS VEHICLE ON THE MORNING OF MAY 2², 1981, HOWEVER, FBI FD-302S OF THE TWO SPECIAL AGENTS AT THE SCENE ARE SUBSTANTIALLY THE SAME. THE MINOR VARIATIONS ARE THE RESULT OF THE FACT ONE SPECIAL AGENT (SA) AND AN ATLANTA POLICE DEPARTMENT (APD) OFFICER ACTUALLY SEARCHED THE CAR WHILE THE OTHER SA RECORDED ITEMS OBSERVED AS VIEWED FROM OUTSIDE THE CAR THROUGH THE CAR WINDOWS.

3) PARAGRAPH 24 ALLEGES NO "POLICE REPORT" OF CARDBOARD BOXES IN WILLIAMS CAR, HOWEVER, BOTH FBI FD-302S REPORT SAME.

4) PARAGRAPH 25 ALLEGES NO LIST OF CAR CONTENTS MADE, HOWEVER, BOTH SAS AT SCENE RECORDED THEIR OBSERVATIONS AND LISTED VARIOUS ITEMS OBSERVED ON FD-302S.

5) PARAGRAPH 29 ALLEGES THAT THE FBI SA AT THE SCENE OF THE BRIDGE SURVEILLANCE WAS IN CHARGE. ALTHOUGH EACH SA PARTICIPATING IN THE SURVEILLANCES WAS ADVISED THAT HE WAS PERSONALLY RESPONSIBLE FOR THE CONDUCT OF THE SURVEILLANCE HE PARTICIPATED IN, THE CONTROL OF THE SURVEILLANCES REMAINED WITH

18

PAGE THREE AT (7A-1835 JF33) UNCLAS E F T O

APD. MAJOR HOLLY WAS THE APD OFFICIAL IN OVERALL CHARGE OF THE SURVEILLANCES AND OPERATIONAL MEMORANDA PROVIDED BY THE FBI LISTED THE APD OFFICER AT EACH BRIDGE SITE AS "TEAM LEADER" WITH THE FBI SA AT EACH BRIDGE SITE LISTED AS "SURVEILLANCE COORDINATOR."

6) PARAGRAPH 29 ALSO ALLEGES THAT "NONE OF THE LEADERS OF THE SPECIAL TASK FORCE OR HIGH POLICE OFFICIALS" WERE CALLED TO THE SCENE ON THE MORNING OF MAY 22, 1981, WHEN WILLIAMS' CAR WAS STOPPED, HOWEVER, CAPTAIN JULIAN SPENCE, IN CHARGE OF THE APD S.W.A.T. TEAM AND ASSIGNED TO THE TASK FORCE WAS CALLED TO THE SCENE AND INTERVIEWED WILLIAMS ALONG WITH OTHER APD OFFICERS AND FBI SAS. IT IS NOTED THAT ATLANTA HAD DESIGNATED FOUR SAS FAMILIAR WITH ATKID INVESTIGATION TO BE ROVING SUPERVISORS OF THE SURVEILLANCES EACH NIGHT. THESE SAS WOULD RESPOND TO ASSIST ANY BRIDGE SURVEILLANCE TEAM WHICH REPORTED A PROBLEM OR REQUESTED HELP. APD ALSO HAD OFFICERS WHO ACTED IN THIS CAPACITY AND CAPT. SPENCE WAS THE RANKING OFFICER IN SUCH A CAPACITY ON DUTY MAY 22, 1981.

7) PARAGRAPH 35 ALLEGES THAT RANKING TASK FORCE OFFICIALS WERE NOT NOTIFIED OF THE BRIDGE INCIDENT UNTIL AFTER WILLIAMS

PAGE FOUR AT (7A-1835.) UNCLAS E F T O

INTERVIEW BY SAS (INTERVIEW TERMINATED 11:00 A.M., MAY 2², 1981); HOWEVER DEPUTY CHIEF MORRIS REDDING, HEAD OF TASK FORCE, ADVISED AT 8:30 A.M. MAY 2², 1981, NOT ONLY OF INCIDENT BUT OF PROPOSED INTERVIEW WITH WILLIAMS. FURTHERMORE, AT REQUEST OF ATLANTA, DURING THE 8:30 A.M. CONVERSATION WITH REDDING IT WAS REQUESTED THAT HE INITIATE DRAGGING OPERATIONS AT THE PERTINENT BRIDGE WHICH HE DID CONTRARY TO THE ALLEGATION THAT THE FBI HAD THE RIVER DRAGGED PRIOR TO NOTIFICATION OF THE TASK FORCE (SEE PARAGRAPH 31).

8) PARAGRAPH 38 ALLEGES THAT "ALL THE SURVEILLANCE WAS PERFORMED BY FBI AGENTS" WHILE IN FACT EACH SHIFT HAD ONE TASK FORCE OFFICER ACTIVELY PARTICIPATING IN THE SURVEILLANCE. THE EXTENT OF TASK FORCE PARTICIPATION WAS WITH FULL AGREEMENT OF CHIEF REDDING IN THAT REDDING WAS CONCERNED THAT GREATER PARTICIPATION WOULD RESULT IN "LEAKS" OF THE SURVEILLANCE TO THE MEDIA BY TASK FORCE OFFICERS. IN FACT, THE TWO OFFICERS SELECTED BY REDDING WERE CHOSEN NOT BECAUSE OF THEIR SURVEILLANCE EXPERTISE, BUT BECAUSE THEY COULD BE TRUSTED NOT TO "LEAK" TO THE MEDIA.

9) PARAGRAPH 41 ALLEGES THAT THE JUNE 3, 1981, INTERVIEW OF WILLIAMS WAS A RESULT OF A NEED TO PLACE SURVEILLANCE DEVICES IN HIS HOUSE AND CAR HAVING "FAILED IN AN ATTEMPT TO ATTACH AN ELECTRONIC HOMING DEVICE TO HIS CAR." WHEN IN FACT THE INTERVIEW OCCURRED ONLY AS AN ADJUNCT OF THE EXECUTION OF SEARCH WARRANTS ON WILLIAMS' HOME, CAR, AND PERSON NECESSITATED BY THE FACT WILLIAMS APPARENTLY "MADE" THE SURVEILLANCE THE EVENING OF JUNE 2, 1981. THE "BEEPER" HAD PREVIOUSLY BEEN ATTACHED PER COURT ORDER MAY 30, 1981, AND THERE WAS NEVER ANY INTENTION OF "BUGGING" WILLIAMS' HOME.

10) PARAGRAPH 43 ALLEGES WILLIAMS WAS IN "CUSTODY" ON JUNE 3, 1981, WHEN IN FACT HE VOLUNTARILY SUBMITTED TO INTERVIEW AND THAT HIS FATHER WAS ALLOWED "ON THE SAME FLOOR WITH HIM" WHEN IN FACT HIS FATHER WAS ALLOWED TO SPEAK HIM TO HIM ONLY DURING THE LAST FEW MINUTES WILLIAMS WAS AT THE FBI OFFICE AND ONLY AT THE REQUEST OF PUBLIC SAFETY COMMISSIONER LEE BROWN AND CHIEF REDDING IN HOPES THAT WILLIAMS FATHER COULD CONVINCE HIM TO ACCEPT PROTECTIVE CUSTODY STATUS.

11) PARAGRAPH 49 ALLEGES THAT THE FIBERS FOUND IN THE SEARCH OF WILLIAMS' RESIDENCE ARE "SIMILAR" TO THOSE FOUND
